- Highway 402 (London to Sarnia)
- take exit 65 (Hwy 81 / Centre Road)

- go north on Hwy 81 / Centre Road (towards Parkhill)
- turn left (west) onto Cuddy Drive

Alpacas

Alpacas are ideal for **hobby farms** and small acreages since 1 acre of productive pasture can sustain 5-8 animals.

Alpacas are **quiet, peaceful** animals and make soft humming sounds to communicate.

Alpacas are **easy to raise**, can be handled by anyone and are safe around children.

Alpacas **get along** with goats, sheep, donkeys, horses, cats and the family dog.

They grow **luxurious soft and warm fibre** that is as fine as cashmere and stronger than sheep's wool.

Alpacas make **cleaning** of pens and pasture an **easy task**, as they "go" in only a few spots.

Alpaca **droppings** are practically **odourless, low in nitrogen** and can be used as fertilizer for gardens and flower beds without the need of composting first.

Alpacas are extremely **disease-resistant** and require only annual vaccinations (against Clostridium) and periodic deworming.

S.A.M.Y.'s Alpaca Farm

Our farm is located 10 km north of Strathroy in Southwestern Ontario, Canada.

We started our Alpaca Farm in the summer of 2004 with 8 beautiful and lovable alpacas.

By 2010 our herd grew to 30 alpacas and 2 llamas and this is the perfect size for our little farm.

We focus on alpaca fibre products, training alpacas and llamas for companion animals and offer shearing service and farm support to other alpaca owners.

Farm Visits

We offer farm visits with an alpaca walk and a picnic. Enjoy these wonderful animals up close and get some hands on experience.

Don't feel like walking – just relax in our landscaped backyard and the alpacas will come and visit you.

Please make an appointment for a farm visit.

½ day visit \$ 50.00 for groups of up to 5 people.

S.A.M.Y.'s Fibre Studio

The Fibre Studio is an outlet store for our alpaca products.

We offer yarns for knitters and weavers, rovings for hand spinners and one-of-a-kind knitwear.

The outlet store is located at the Strathroys Family Flea and Farmers Market, 28592 Centre Road in Strathroy from October until December.

Of course there are always products available at the farm as well or you can order over the internet from our webstore.
